

**RBI: Supervisory Board extends mandate of RBI CRO Hannes Mösenbacher**

Vienna, 28 June 2024. RBI's Supervisory Board has extended the management board mandate of Chief Risk Officer Hannes Mösenbacher for five years, until March 2030. Hannes Mösenbacher was appointed CRO of RBI in 2017.

"By extending Hannes Mösenbacher's mandate, the Supervisory Board is ensuring continuity and honoring his outstanding performance and that of his team. Despite major economic challenges such as the global pandemic and the Russian war of aggression, RBI's risk costs are well below their long-term average. I warmly congratulate Hannes Mösenbacher and expect him and his team to consistently continue the prudent and proactive risk policy" commented Erwin Hameseder, Chairman of the RBI Supervisory Board.
